

MEANWHILE...

Meanwhile in fucktard psycho screaming nutter squalor pig fascist traitor zombie land I'm supposed to be making up the entire history of the free world, 'trying it on' - do explain that to the 4 million French people who turned out last weekend. Of course they won't. They know what lying squalid filth they are.

If you are unable to bear:

The world of Ancient Greece, whether its religion, its philosophies, its mathematics, its first startling footsteps in science, its invention of democracy or its invention of the wheelbarrow

The religious history of England, with particular reference to Cernunnos, the Horned God, the founding of the Church of England, the English Civil War, the Glorious Revolution

The Reformation

The Renaissance

The Enlightenment

The French and American revolutions

Marxist-Leninist thought, in particular perhaps if you are the sort of screaming nutter who thinks himself or herself on the Left but freaks at what Marxist thinkers have actually said about religion or capital

The ideas of expanded consciousness and meditation, Buddhism, Taoism and Hinduism

The nature of the universe as so far revealed by physics, in particular perhaps if you 'know' God created the world in seven days and the notion everything including us comes from quarks in deep space causes you to ululate

The legal history of England, whether Magna Carta or Blackstone:

The least touching of another's person wilfully, or in anger, is a battery ; for the law cannot draw the line between different degrees of violence, and therefore totally prohibits the first and lowest stage of it : every man's person being sacred, and no other having a right to meddle with it, in any the slightest manner. And therefore upon a similar principle the Cornelian law de injuriis prohibited pulsation as well as verberation ; distinguishing verberation, which was accompanied with pain, from pulsation which was attended with none

II. WE are next to consider the violation of the right of personal liberty. This is effected by the injury of false imprisonment, for which the law has not only decreed a punishment, as a heinous public crime, but has also given a private reparation to the party ; as well by removing the actual confinement for the present, as, after it is over, by subjecting the wrongdoer to a civil action, on account of the damage sustained by the loss of time and liberty.

TO constitute the injury of false imprisonment there are two points requisite : 1. The detention of the person ; and, 2. The unlawfulness of such detention. Every confinement of the person is an imprisonment, whether it be in a common prison, or in a private house, or in the stocks, or even by forcibly detaining one in the public streets

BLACKSTONE'S COMMENTARIES PRIVATE WRONGS. BOOK III.

CHAPTER THE EIGHTH. OF WRONGS, AND THEIR REMEDIES, RESPECTING THE RIGHTS OF PERSONS. (1765-1769)

If in short you cannot 'tolerate' any set of ideas defining the world opposing your own and seek to suppress and destroy both them and anyone who holds them, if you assume people are your property to be disposed of as you will

Well, yes, you are a screaming nutter, basically fit only for Broadmoor.

Certainly you have no place in any real university in the Western world.

Help is at hand! Yes, you can crawl out of some dirty bookless mindless animal-nest, where no-one questions, no-one thinks, where 'communication' is by hitting people, keep pristine and unsullied by thought or reason or morality or argument the sad sick dirty brain of a peasant, a butcher, an animal, a witch-burning savage and become a doctor or nurse. Pretend to be sane! Pretend to be human! Maim and cripple and destroy women! Eliminate intelligence and creativity! Crown yourself lord of creation! Democracy does not exist because you say so! Pretend to be academics and be respected as such. Get positions of authority whereby you can freely impose your evil, your sickness, your sexism, your psychosis on civilized life.

One more bloody time. Of course it's pointless. The point is it's pointless. These are rabid and dangerous animals impervious to all fact and reason.

The hostility the Enlightenment evokes in certain orthodox religious is due to their loss of power. Instead of the self-appointed representatives of God set on high above us all to dictate what we may think, what we may do, how we may be, we became equal in rights. Power was transferred to the governed who gave power to the governing, who are equals, fellow, fallible human beings accountable for how they exercise the power given them and can be dislodged and dismissed if they abuse it.

The free world is not governed by what some sick fucktard points to and says God says and is therefore unchallengeable, may not be subject to contempt or derision

God is not to be ruled by humans. That is the fundamental proposition at stake. The unimpeachable unchallengeable authority of God is to rule, not the human heart and the human mind. Of course these are fallible. That is why they must be open to challenge. There is no proof that God exists, there are widely different versions of what God's will is and the 'infallible Word of God' is at times particularly evidently the voice of an insane human whose views bear no relation to reality or the voice of a human of those distant times. These being the case, we settle for human.

As did Murphy O'Connor, Francis addressed the world as though it were composed of ignorant half-wits or mediaeval peasants or Catholic nurses. What was that again?

"The Magisterium of the Church⁸⁵ "The task of giving an authentic interpretation of the Word of God, whether in its written form or in the form of Tradition, has been entrusted to the living teaching office of the Church alone. Its authority in this matter is exercised in the name of Jesus Christ."⁴⁷ This means that the task of interpretation has been entrusted to the bishops in communion with the successor of Peter, the Bishop of Rome.⁸⁶ "Yet this Magisterium is not superior to the Word of God, but is its servant. It teaches only what has been handed onto it. At the divine command and with the help of the Holy Spirit, it listens to this devotedly, guards it

with dedication and expounds it faithfully. All that it proposes for belief as being divinely revealed is drawn from this single deposit of faith."4887 Mindful of Christ's words to his apostles: "He who hears you, hears me",49 the faithful receive with docility the teachings and directives that their pastors give them in different forms.

100

The task of interpreting the Word of God authentically has been entrusted solely to the Magisterium of the Church, that is, to the Pope and to the bishops in communion with him

<http://www.scborromeo.org/ccc/pls1c2a2.htm#100>In other words they are the only people who know what it means. Not that they are certifiable, or anything.

<http://www.dillsplace.com/trivializing-the-reformation.html>

It matters not one whit how often an evil animal is told about England, and specifically about the current state of belief in England. The ignorant and disgusting freak that becomes a doctor or nurse just knows England is eversa religious and if it isn't it is to be made to be.

The [December 2004 YouGov poll](#) found 35% of the nation to be atheist. The [British Social Attitudes Survey released in 2011](#) showed 50% affiliating with a particular religion and 50% not. The 2001 Census identified 9 million with no religion (National Statistics Online – Religion in Britain), the 2011 Census, 14 million.

On '[Census Sunday](#)' in May 2005 6.3% of Britons attended a Christian church. The New Labour government hyped endlessly the 2001 Census finding that 71% of us identify ourselves as Christians. Whatever the respondents meant, clearly they did not mean formal observance.

By 2011, only 59% of us identified ourselves as Christian, not improbably due to a surfeit of dinosaurs.

<http://www.dillsplace.com/panther-the-manual-out-now-on-scribd.html>

Self-realization is or is not self-forgetting. Much rests on that. You are not self-forgetting by definition if you are forcing others to obey you, placing to the fore the seedy clamourings of your self. Similarly 'God's mercy' is an exercise in self-stroking, whether attributed to God or claimed by the religious, a sitting there stroking yourself at how virtuous you are being because you are 'showing mercy'. If you love other people, you don't want to do that from which you are 'mercifully' refraining in the first place.

Self-forgetting is graciousness, as in beauty of manner. Grace is paramountly not forcing oneself on others other than to restrain them from forcing themselves on others. <http://www.dillsplace.com/manners-makyth-man.html>

Such sentiments are lost on the dirt surrounding me who assume the right to force themselves on me. They hate love. They hate mind. Both present a threat to their authority. They hate human freedom, find it monstrous others are outside their control. They hate equal rights, the obscenity that others equally have a right to their points of view and to express them. They hate humans. They are riddled with sexism and homophobia, whatever their public face and indeed no matter how many mentally defective gays are co-opted to their cause. All this is etched in stone. Civilized life does not conspire to destroy the author of my book *The Anile Heir* or to overthrow democracy.

We have an alliance of the animal psycho religious with the animal psycho Marxist. In addition to the fringe freak Christians, both Protestant and Catholic, the Amos Starkadders who have long been a joke, we have fascist freak Jews upholding the OT and fascist freak Muslims who unsurprisingly feel a greater affinity with it than with the NT, neither having any fondness for either the baby Jesus or the infant Karl. They have no love. They are psychopaths who regard other people as their property. Elevated sentiment is meaningless to them.; all they understand is brute force. Language is of course beyond them.

So, unfortunately, is the considerable damage 20 million atheists can inflict on them if they push it. They have seized the citadels of bourgeois power and think themselves triumphant.

The argument was settled in the C18th. None of the filth of UCH would matter if we did not also have an orc clergy dribbling about Abrahamic faiths, as though most people give a flying fuck about Abraham; they are of course only interested in those who do. Religion is to be 'respected'. We must have it all back.

And an orc political class of course, engaged in gross falsification of history. How Blair left the atheist feminist grand-daughter of Labour pioneers to be crippled, raped and destroyed on the advice of his clerical masters.

For what is some IQ80 butcher baboon of a nurse going to sue me, for standard texts available in any good library or bookshop? Any excuse will do. So long as butchery, fascism, treason remain untouched, so long as psychopaths of doctors are not questioned, so long as intellectual and moral desecration remain unchallenged.

Why the devout are supposed to be superior has of course been repeatedly noted. It is because they have abandoned being human in favour of being a creature of another's will, that other supposedly representing God's Will. Independent activity of heart and mind is the evil of self-will. The actual self-will is of course that of the religious filth who impose their disgusting animal selves on others.

Liberty is a function of love; control is a function of self-will. From love follows civilized behaviour; from self-will follows criminality. The morally and intellectually castrated fascist religious are simply criminal, as their religion is simply the criminal behaviour of animals tweaked a bit and then given divine approval: of course you want to hit people, but you can't hit everyone and here's a list of people 'God' thinks you can hit. Children are conditioned to be brain-dead, intellectually and emotionally incapable, psychotic, incontinent, impotent and told being anything else is evil, as of course the Trot anti-educator busily teaches that any whisper of a demand they be anything else is fascist and elitist.

They can have no concept of criminality because they can have no intrinsic moral sense. Good is what they've been told is good and evil is what they've been told is evil, and they'll shovel Jews into ovens, revisionists into gulags and witches into bonfires because they've been told these are OK things to do. This of course is the absolute evil implicit in the drool about faith: you must have faith, you must trust, you mustn't think or question.

There is a meme that normal Muslims need to state publicly their support for freedom and democracy. This onus is not laid on the indigenous. We know there are normal Muslims, one just died, an ordinary copper on the beat defending the values of the Republic, another is another hero. Others have tweeted or been on TV.

The normality of those of at least most of those of other religions are assumed. This is evidently not the case at UCH. When push comes to shove they choose fascism and intellectual and moral disease.

What would you do with an obscene fat brute butcher of a nurse-y-wurse-y? We-ell, you can put a pig's head on its shoulders, a moth-eaten ermine cape around them, a lop-sided tiara on its head, you can give it little tusks dripping with blood and a red gleam in its eyes, a blood-stained butcher's apron on the wall behind it, a hacksaw or two. You can entitle your creation 'Angel of Mercy'.

This, dear world, is what they leave me in the hands of, leave me to be destroyed by, while they do nothing and nothing and nothing and more fucking nothing, except crawl around behind closed doors to pull strings and spread lies

What can you do with a dirty animal of a doctor? The same ermine cape, a crown, possibly the triple crown, its face red and sweaty from the flames of the fire it is lighting under a woman, a box labelled fuel full of books by its side, someone asking the ape what I have done and the ape spitting in reply, "She thinks! She questions my authority!"

Because these filth are an offence to everything medicine is supposed to stand for. You cannot get more degraded than a nurse or doctor who uses its authority to assault the medically vulnerable and this has now happened to me twice

Cartoons are good. Caricatures are wholesome. One alternative is to line them up and put bullets in their spines so they never walk properly again. That is not wholesome.

Oh. nothing can be done. Democracy can be done, transparency can be done, accountability can be done, civilization can be done, facts established, arguments provided, but no monstrous psycho baboon of a doctor can tolerate that. Doctors are not to be questioned. Doctors are of course not to be struck off or sent down for 30 years. Doctors are above all reason, all civilization, all justice. Doctors do not want any silly nonsense about medical ethics. Women are knocked around. No foul animal of a doctor is going to howl in outrage at the assault on my spinal fusion as they fall over themselves to protect and uphold disease and evil, united against me in their hatred of democracy, their hatred of freedom, their hatred of reason, fall over themselves to protect and uphold and make triumphant everything squalid and dirty and cowardly and bestial and spite-ridden and vindictive and psychotic and diseased and ignorant.

Imperative equally to conceal not only that a few doctors are mad thuggish slum animals who respond to words that displease them by the vilest and most squalid attacks on medical vulnerability, but that all doctors go along with it, hide the total intellectual and moral degradation of the butcher animals

that neither speak nor reason, but merely assault, hide their ignorance, hide the fact that they are ineducable. At all cost conceal their madness, dangerous and rabid animals impervious to all fact and reason.

Anyone who made me, an Englishwoman, a British subject, subject to the authority of the Church of Rome has not only put himself out on a limb but sawn the branch off, even if he is Tony Blair and so naturally the obedience of traitors is also to be concealed. They can be divided into those so impenetrably stupid that they think the Vatican governs England and those so impenetrably evil that they want it to.

All for something that could have been cleared up in ten minutes, had UCH not preferred to pander to liars and psychopaths, to butchers and of course to the foetid nonsense that a retarded nurse-boy had the right to make me do heavy manual work.

Oh what a freak am I! No-one may help or support me in any way. It is forbidden! So they all obey, because that's the filth they are, just as they preferred to let me be crippled rather than establish facts, uphold democracy.

Of course only something as stupid and ignorant and dead from the neck up as an intellectually incapable and morally void baboon of a doctor could think the stupid, ignorant, intellectually incapable and morally void nurse-vermin have superior degrees.

How can you have a degree if you see no requirement to establish facts, speak and reason, if you're bloody ineducable?

{FNORD!} {FNORD!} {FNORD!}

Oh, RTFM.

No, tards, not fjords, those are what Slartibartfast was so good at designing. Just remember he was very proud of Norway. You might learn something thereby if you were capable of learning, but of course you are not.

The word, says Wikipedia drily, lacks clear definition, but one such is that which shuts down rational processes, one such being undoubtedly the capacity to analyse new information.

"A fnord is a propaganda word conditioned in the masses from a very young age to respond to, usually with fear, anxiety, or uneasiness, but unable to be seen by the general populace," says the Urban Dictionary.

However, I cannot discuss an invisible word, so let me stick with conditioned responses to particular words, or indeed explore the concept of fnord more closely. Perhaps a fnord is rather a word that makes invisible the real word for something. Thus devout or doctor may replace the real word thug or psychopath.

Religion is a particularly good fnord. It Is Religion. No, this person is not a feral psycho animal. He Is Religious. Ah, then, says anyone sane, his religion demands he

be a feral psycho animal. Who gives a fuck about such a religion.

After all, 'fnord' is shorter than 'whited sepulchre'.

<http://www.dillsplace.com/fnords-jesus-and-the-gerund.html>

And no-one will even help me survive these vermin. I need help. I need it now, not ten years after I'm fucking dead. Ooh naow, no-one can do anything. Oh right. The massed bands of fascists and psychopaths and butchers and traitors and squalid ignorant feral criminals won't bleedin' 'ave it. You have to laugh. Then destroy by every means possible.

So sue me. Sue me, vermin, sue me for Sartre, sue me for Plato, sue me for Homer, sue me for Voltaire, sue me for Diderot, sue me for Marx, sue me for Lenin, sue me for Mill, sue me for Popper, sue me for Schrodinger, sue me for Einstein, sue me for a thousand books you've never even heard of let alone read. Sue me for not being a foul dirty ignorant mentally defective animal. How best to depict a dirty fascist bestial monster of a doctor? I think as a sort of some foul squirming suppurating heap, like one of Rowling's more graphic descriptions of Voldemort.

You see, dear world, it wasn't enough for them to have repeatedly butchered my body. They had to try to destroy me. It was not enough that they turned a healthy woman who went hiking into a cripple. That's fucking doctors for you, dear world. They're animals. They can't stand anything that doesn't crawl to them. They destroy all intelligence and creativity and independence of thought. Their dirty little sick animal brains can't bear anything that doesn't assume its

own inferiority, regard them as master. Look at all the sicko psychos, dear world. They really think people are commodities at their disposal. No education of any kind, of course, mindless filthy ignorant and obscene little mechanics burning the witch.

Then you disgusting offal can be kicked out of the University.
